

1. Objective

To provide the employees of Transit Systems Group (now part of the Kelsian Group) with discounted travel to enable employees and their families and friends to experience and enjoy our great products and services.

2. Who can utilise the Transit Employee Travel Benefits?

Any permanent or casual person employed directly by Transit Systems Group and its wholly-owned businesses. Employees must be employed at the time of travel. After cessation of employment, any forward bookings will revert to full retail fare. Standard booking and cancellation policies apply to each product.

3. What are the Transit Employee Travel Benefits?

As a valued member of the Kelsian Group team, employees can receive discounts of up to 25%, on most SeaLink Marine & Tourism products and services around Australia. The discount varies depending on the type of product or service and is off the full retail fare and *does not* include any special offers. Travel using the Employee Discount can be booked and travel completed at any time, however some blackout dates may apply.

Providing the employee arranges the booking under their name and are an employee at the time of travel, employees can use the employee discount for family and friends, as long as the employee is travelling with them. The booking must not be for more than 10 people and/or more than 2 car spaces on a ferry.

Employee Discounts available: *These rates and products are subject to change without notice.*
